

# **Family Therapist**

Columbia, MD

Currently looking for an experienced Family Therapist to fill an opening with a growing outpatient mental health practice located in Columbia, MD. Interested candidates should hold an active license in Marriage and Family Therapy, or related field without restriction.

## **Responsibilities of the Family Therapist**

- Ask questions that will help clients identify their feelings and behaviors.
- Collect information about clients, using techniques such as testing, interviewing, discussion, and observation.
- Confer with clients in order to develop plans for post-treatment activities.
- Counsel clients on concerns such as unsatisfactory relationships, divorce and separation, child rearing, home management, and financial difficulties.
- Determine whether clients should be counseled or referred to other specialists in such fields as medicine, psychiatry and legal aid.

## **Requirements of the Family Therapist**

- Active license in Marriage and Family Therapy, or related field without restriction.
- A smartphone (Android/iPhone) with a stable internet connection and clear audio/video capacity.
- Extensive clinical experience, preferably with skills in clinical team leadership and individual therapy.
- Utilization of evidence-based approaches such as brief solution-focused therapy, motivational interviewing and DBT a plus.
